- ❑ Any colours, Any shapes, we follow you
- ❑ Any size, from Centimetres to Meters

## Corporate 3D Signage

- ❑ Letter or shape made with polished mirror or brushed stainless steel, quality acrylic, etc
- ❑ Any shape! Any color !! Any size !!!

## Front Lit LED Signage

- ❑ Letter shape made with mirror polished or brushed stainless steel and quality Acrylic as face panel.
- ❑ Face lit via long lasting, maintenance free LEDs

## Back Lit LED Signage

- ❑ Letter shape made with polished mirror or brushed stainless steel.
- ❑ Halo lit from behind with long lasting, maintenance free LEDs.

## Light Box

- ❑ Powdered coated aluminum box or acrylic box.
- ❑ Raised 3D LED letters or engraved letters on top.

## Case Study #1

It is constructed from matt white aluminium box and pan, decorated with 3 dimensional stainless steel letters, halo lit with green LEDs.

## Case Study #2

The sign consisted of satin black aluminium pans, decorated with 3 dimensional stainless steel letters then halo illuminated with white LEDs. Simple and stunning.

### Case Study #3

Quite unusually the sign consists of red 3D acrylic letters, the face of which is illuminated via ultra long lasting LEDs.

### Case Study #4

The Sign consists of a black aluminium box and pan sign, decorated with dull satin stainless steel built up 3d letters with an expanded white stroke behind each letter which reflects the blue embedded LEDs beautifully.
